ADMINISTRATIVE COMMITTEE REPORTS:

CHAIR Thank You for being here. Happy New Year and glad to be of service to the addicts who are still suffering. Over the past year we have somehow become less unified in our area. I don't yet have a solution to this deadly problem. It is apparent in the area of service, meeting attendance, event participation, chairs for subcommittees, and group representation. If this fellowship is to stay alive and well in this Area we all need to step up and give back to this program. If you sponsor addicts get involved lead by example and suggest the same to your sponsor and sponsees . We as addicts all have different perspectives, only with all those represented do grow a service body that allows our fellowship to be all inclusive and free to learn by experience and guidance by the predecessors. If you are hearing or reading you are part of problem but can if you chose we can create the solution.

VICE CHAIR: No report

SECRETARY: Hello Family my name is Corry I'm an addict.

I hope you all had a wonderful Christmas and will have a good 2018.

I am so sorry the December meeting min were skipped... had some Life on Life's Terms, issues. Please email me your reports to
